

FINANCE, OIL AND GAS

New York

NEW YORK, June 17.—The stock market continued a reactionary course yesterday chiefly as a result of adverse monetary conditions and other unfavorable developments which precipitated further liquidations of speculative holdings.

Call money again rose to 12 per cent for mixed collateral and as much as 15 per cent was paid for loans on all industrial security.

Time funds were distinctly firmer. The rate for commercial paper was also hardened and heavy discounting was reported by the local Federal Reserve Bank.

These significant incidents were reinforced by cables which suggested a demonstration by the Allied forces, the more critical situation in Mexico and disapproval of the shareholders of the plan to dispose of the Mercantile Marine tonnage and assets to British interests.

Trading was again very large and varied, but most of the activity occurred during the intermediate and later stages of the session when the prices were at lowest levels and pressure most general.

Pittsburgh

PITTSBURGH, June 17.—Brewing issues led in point of activity in the Pittsburgh market yesterday and the oil and gas shares were dull by comparison with the heavy dealings last week. Pittsburgh Brewing common on sales of 1,145 shares advanced to 9 1/2, but lost nearly all the gain and closed at 9. The preferred stock was fairly active within the range of 16 1/2 and 16 3/4. Independent Brewing common was in good demand and advanced to 6, but receded to 5 1/2 at the close. The preferred was dull at 13 to 13 1/2.

Ohio Fuel Supply on sales of 755 shares declined from 5 1/2 to 5 1/4 and closed at the lowest. Manufacturers Light and Heat was steady and unchanged at 56. Pittsburgh Oil and Gas closed a dollar lower at 16, and Union Natural Gas was \$1 higher at 13.

Westinghouse issues were dull and heavy. Electric declined from 55 1/2 to 54 1/2 and closed at 55, while Air Brake declined from 117 to 116 1/2 and closed at the lowest. Glass shares were dull and the only change was a loss of \$1 in Machine Glass common. American Sewer Pipe was in moderate demand and closed \$1 higher at 25 1/2. Fire Proofing common was 1/2 lower at 9. The remainder of the list was without important change.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful."

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed on and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By nine I had taken the entire bottle. I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well. If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. (Give it a trial.)

How \$1,000 Grew From
One Old Dollar Bill.

Some four years ago a friend came into possession of an old worn out dollar bill. He brought it in to be exchanged for a crisp new one. Someone suggested that it might bring him luck and that he open an account with it.

Today that dollar bill forms the foundation for nine hundred and ninety-five crisp new dollar bills, and the depositor can have one thousand crisp ones if he so chooses.

Does a savings account pay? Bring one dollar and ask the bank at the window that question.
